### Material

Polypropylene is used in both box and lid. The containers are manufactured to meet food packaging standards and will withstand microwave oven use.

### Environment issues

When polypropylene is used in combustion it produces only carbon dioxide and water together with heat energy.

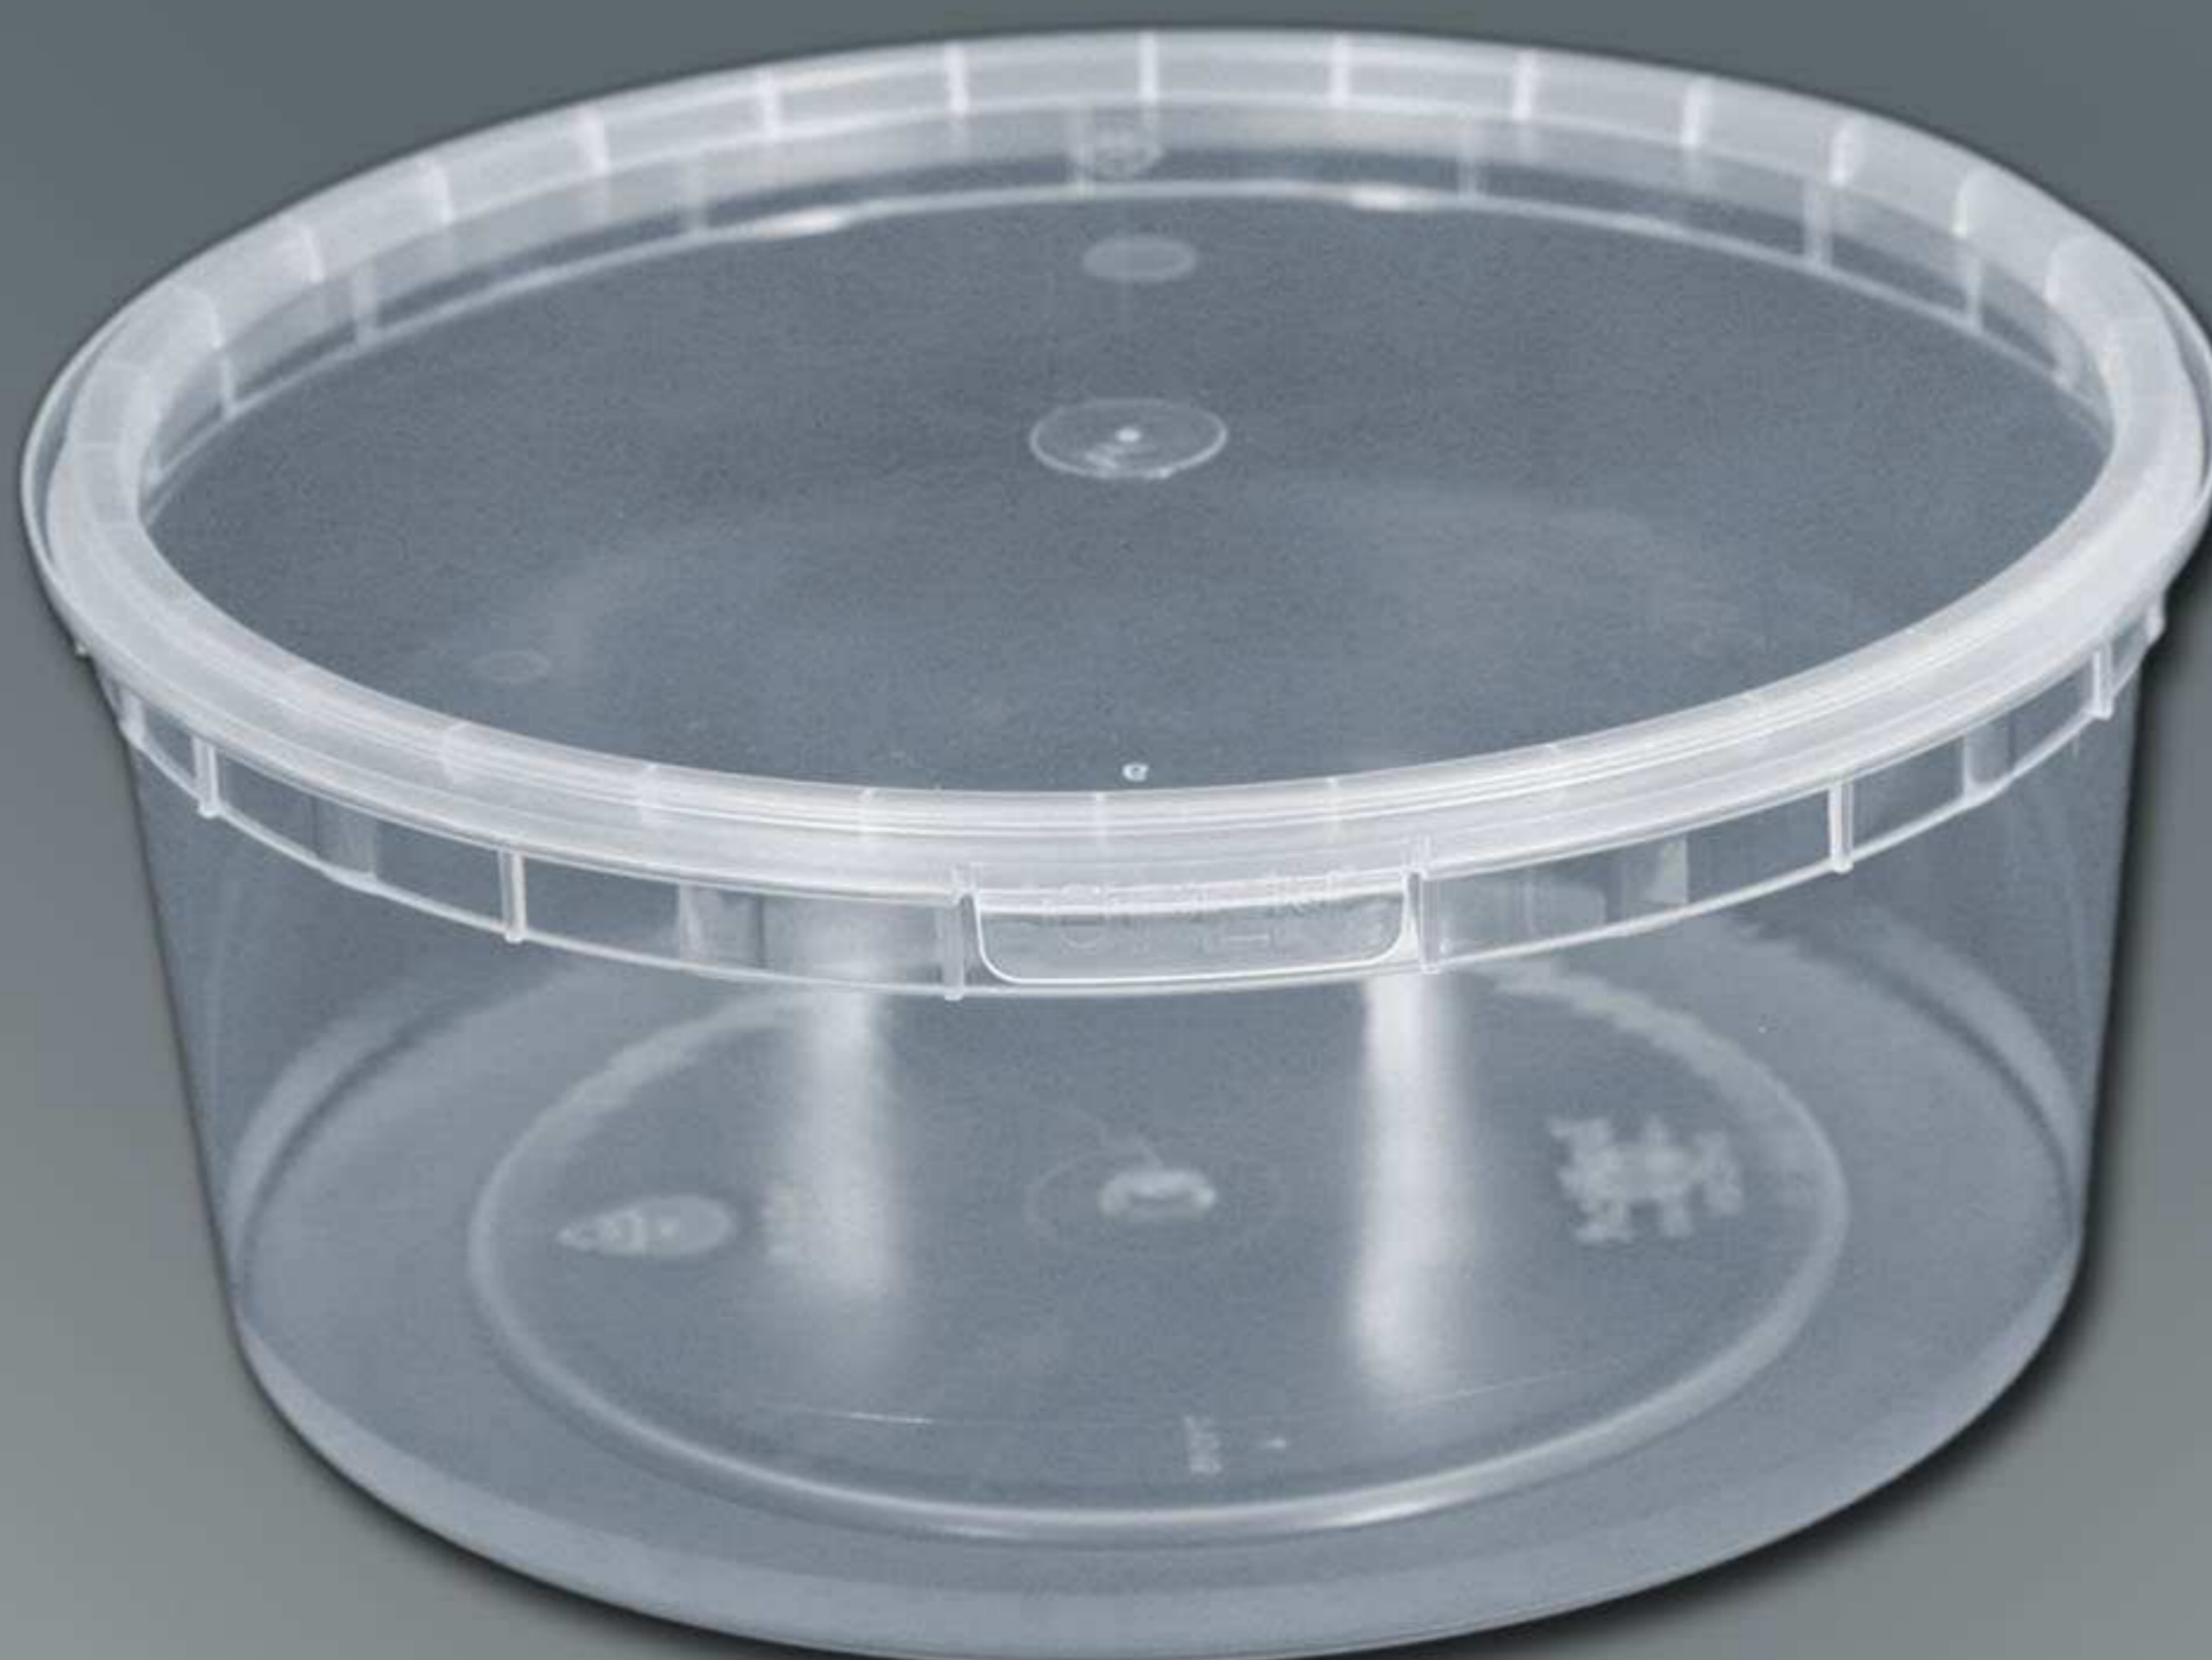

### Colouration

A large range of colors is available, including different colours for box and lid.

### Decoration

We can offer installation of IML-labels.

These labels are moulded in the lid and can not be removed. Adhesive and solvent free. Available in 6 different colors.
